

# sheen devil™

SUPER BUOYANT OIL and SHEEN BOOM

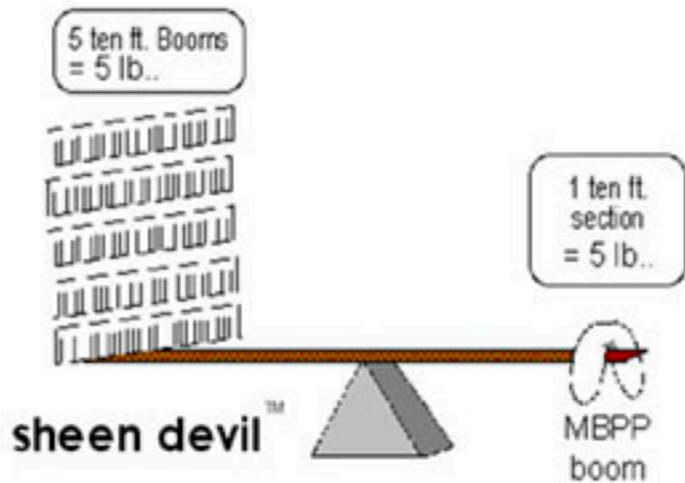

ALL MYCELX PRODUCTS ARE INFUSED WITH OUR PATENTED MYCELX TECHNOLOGY

The sheen devil is the only sheen scavenger that will work forever and never get wet. sheen devils patented chemistry enables it to reside high upon the oil / water interface giving it maximum exposure to sheen. sheen devil instantly attaches to freshly spilled oil preventing weathering, and the formation of tailballs and sheen. sheen devil is available in 10 ft. interconnectable lengths, 4 per box.

## Test Results

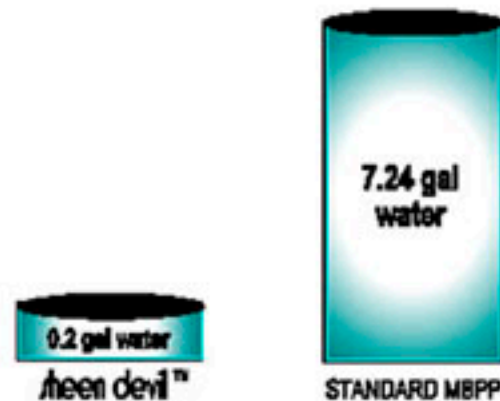

### AREA COVERED PER UNIT WEIGHT

sheen devil has 5x the Surface Area at 1/5 the weight of conventional booms.

### WATER DRAG-OUT

100g oil removed from 100 ft<sup>2</sup> area  
 Two hour water dwell time

sheen devil drags out over 3500% less water than standard MBPP booms under the above conditions.

## Benefits

- Instantly attaches to oil
- Virtually zero water dragout reducing waste generation
- Prevents weathering and separation on contact
- sheen devil is triboelectrically inactive and will not generate static charge
- Environmentally safe
